Ten years ago I saw my boss out with her secretary and I never said anything. It keeps nagging at me, because her husband was a really nice guy and I felt bad. But then I saw him out with some other lady in an awful pink sweater, so who knows what was up with that whole situation. Anyway, I am just grateful to get all of this off my chest without hurting anyone. Thanks, BELIEVER!

Critics are describing Water as a Barthean effort.
